

97th Annual American Legion Cherokee County Fair Columbus, Kansas 2025

July 15th - 19th, 2025

Cover Photo by Carla Karsten

Shocking wheat is the first process toward threshing. The wheat is cut, put into small bundles, and dropped on the ground with a binder. The bundles are taken to the thresher by wagons. This picture shows local men loading bundles after operating the binder last June. During the Farm Heritage Show on Columbus Day 2024, this wheat was threshed at the museum site.

97th Annual Premium List
Cherokee County American Legion
Free Fair & Reunion
Held in conjunction with Soldiers & Sailors Reunion
July 15th – July 19th, 2025
A Bit of History

The American Legion Cherokee County Fair started in 1928. Before 1928 there was two events the County Fair, which was held in the City Park annually. The American Legion Soldiers & /Sailors Reunion, held each year on the present fair grounds. The powers to be from both events decided it would be best to combine the two events into one big celebration and since the American Legion had the property big enough to hold an event that large, it was decided to hold it on their property. That's how the County Fair of today came about starting in 1928.

LIABILITY: *Under Kansas Law, there's no liability for an injury to or death of a participant in domestic animal activities resulting from the inherent risks of domestic animal activities, pursuant to K.S.S. 60-4001 through 60-4004. Exhibitors and associates assume all risks of participating in this domestic animal activity. Exhibitors are responsible to maintain insurance to cover any loss to persons or property which may occur as a result of competition. At no time will the Cherokee County American Legion Fair Association, (CCALFA) assume care, custody, or control of any animals, livestock and/or personal property of the exhibitor. At all times the exhibitor will have full control, custody, and will care, feed, and keep safe his/her animals, livestock, and personal property, all in accordance with the rules and regulations of the Cherokee County American Legion Fair. Exhibitors and others bringing property of any kind upon the Fairgrounds, either as exhibitors or otherwise, do so AT THEIR OWN RISK. No liability shall rise from any supervision over exhibits exercised by the CCALFA or its employees or volunteers, but every precaution will be used to protect such property.*

Appeal & Grievance Committee

An appeal and grievance committee will be appointed by the fair board by the first weigh in for beef. They will listen to and make decisions concerning all disputes. All appeals must be presented in writing with \$25 Cash to a member of the grievance committee. The money will be refunded if the appeal is upheld, otherwise it will be donated to Fair Board Assoc.

The committee will be in effect from the day of market beef first initial weigh in, until the Monday following the conclusion of the fair

Thank you

The American Legion Cherokee County Fair Board wants to express their appreciation to the businesses and individuals that help support the Cherokee County American Legion Free Fair through sponsoring trophies, placing fair book ads, banners, buying livestock premiums, attending events, volunteering and providing other support to fair activities.

Please take the time to recognize these fair supporters' commitment to the youth of Cherokee County and the fair itself.

Thank you to the parents of the participants, the Extension staff for making this year's fair a great success. A special thanks goes out to all the exhibitors, because without your participation it would not be possible.

Photo for next year's Fair Book Cover

The Fair Board will collectively decide on a 4-H/HYA/FFA or Open photograph entered into the current year's fair to use as the front cover of the fair book for the following fair year. Fair Arm Band or cash value for early arm band sale, will be awarded. your name, club will be displayed in the front cover of the fair book for accreditation

George D. Sharp Family Memorial Greasy Pig Contest

The George D. Sharp Memorial was started in honor of George Sharp by the American Legion Fair Board. George was a big supporter of the Swine Project. He along with his children and grandchildren raised and showed swine for many years. His great-grandchildren still show today. Charles (Chuck) Sharp served as Swine Superintendent for many years. Charles (Buck) Sharp served as 4-H Project Leader for Swine for many years and a Fair Board Member. They are also remembered in this contest.

Today we have many Sponsors that have been added on.

2024 Sponsors

Bub's Mobile Equipment \$250

Bobby and Shelley (Sharp) Mitchell \$100 and 4 bags of pig feed (2 bag of feed per winner),

Charles Issac Sharp \$100.00

Jake and Jessi Cain \$100

American Legion Fair Board \$75

Gary and Amy Gideon \$50

The greasy pig contest will be held following the Round Robin Fitting & Showing and before barnyard Olympics on Friday Evening in the show arena.

1. There will be two runs 7-9 years old, and 10-13 years old as of the day of the contest.
2. As soon as one captures the pig, other contestants must stay away. In case of a tie, a runoff will be held between the tied contestants.
3. Whoever catches the pig in both runs must wash it immediately following the contests.
4. The lucky winners IS NOT allowed to wash off in the 4-H restrooms when they are finished nor are any of the other contestants!

Note: Winner of the greasy pig contest will purchase a weaning pig prior to Initial weigh-in and must show that pig at the next Cherokee County fair. Submit a bill to the American Legion Fair Board, at initial weigh-in. The Fair Board will reimburse the winner their portion of prize money. COOP will be notified of the winner to get their 2 bags of feed each.

Previous winners are not allowed to enter again in either age group.

CHEROKEE COUNTY AMERICAN LEGION FAIR

Operating under the guidance of the Cherokee County American Legion Fair Association, the fair is an institution for all cities and residents of Cherokee County. Established by Kansas Law, upon a park owned by the Fair Association and Keith Reeves Post No. 3, it is held in the interest of better community life and is supported by taxes paid in our County. **Dedicated to agriculture, as well as education and growth of youth and adults.** It helps us to become better acquainted with friends and neighbors, providing an opportunity for us to grow as a community.

OPEN & 4-H/FFA/HYA RULES

NOTE: Regulations for Open & 4-H/FFA/HYA Exhibits are subject to change. **All announcements in newsletter, Facebook or newspaper take precedence if changes have occurred after fair book has been taken to the printer.** All changes must be approved by the Fair Board. Each club member is encouraged to exhibit his/her projects at the local county fair.

EXHIBIT SOMETHING

The fair will mean much more to you if you exhibit something in which you take personal pride and would like others to see. Please be advised that the Kansas State Fair only allows 4-H and FFA members to show in their shows at the State Fair. You have the ability to show under the following organizations at this County Fair:

- 4-H** The goal of 4-H is to develop citizenship, leadership, responsibility and life skills of youth through experiential learning programs and a positive youth development approach. Though typically thought of as an agriculturally focused organization as a result of its history, 4-H today focuses on citizenship, healthy living, science, engineering, and technology programs.
- FFA** Is an agriculture-based school. A career and technical student organization, based on middle and high school classes that promote and support agricultural education. Columbus, Riverton and Southeast School districts offer the program for youth in our County at the high School level.
- HYA** A youth development organization focused on encouraging personal growth, strong relationships with others, diligence in work, citizenship, stewardship, and ethical standards founded in the values and traditions held by our forefathers.
- Open** Is open to anyone (Adult, Youth) that wants to show. Must follow the rules set for that show.

We also showcase 4-H Cloverbud Program

The Cherokee County 4-H CloverBud program is a non-competitive group of 5- and 6-year-old. We learn the colors of 4-H and what the 4 "H's" stand for. We also learn the club pledge. I break down parts of a meeting and we learn each position. We learn the different taps of the gavel and what they mean. We learn the difference between "old" and "new" business. I add and change jobs each

month and by June and July the kids can conduct an actual business meeting. The kids have a time slot during the fair to showcase a project and we have a table in the 4H building to display crafts that we have done throughout the year. We have lots of fun learning and doing community service. For more information contact Cherokee County Extension at 620-429-3849. CloverBuds building a strong foundation for our future clubs.

9. THE CHEROKEE COUNTY FAIR ASSOC. IS NOT RESPONSIBLE FOR THE FOLLOWING:
 - a. ANY DAMAGE OR THEFT OF THE GOLD CART OR ATV.
 - b. ANY HUMANS OR ANIMALS INJURED THAT OCCURRED DURING THE OPERATION OF A GOLF CART OR ATV.

If you exhibit, you'll be there to see how your contribution looks compared to others and others will be there to do the same. The Fair Board will get some new ideas and information as to how we may make an improvement, and thus have a successful fair. All exhibits entered at the Cherokee County American Legion Fair are entered and displayed at the risk of the exhibitor. Any exhibit accepted will be provided due care to protect them. However, the Fair Board or Extension Council/Staff cannot accept responsibility for loss or damage due to conditions which may be imposed by large crowds, arrangement of buildings or barns in which displays are housed, and the number of exhibits. Anyone who has exhibits of great sentimental and/or monetary value should carefully consider whether such exhibits should be exposed to the hazards of fair.

Fair Superintendents & Committees

This group is in charge of the daily operations of the departments and report to the secretary of the Fairboard and/or 4-H agent. They are backed up by their individual committees. Superintendents are picked at the direction of the Fair Board. Superintendents and Committees are listed at the top of the department they are in charge of.

Superintendents – Rules

1. Every article or animal on the grounds shall be under the control of the association, and while every precaution will be taken for the safekeeping of the same, neither the association, its officers, or agents, will be responsible in any case of loss, damage, or accidents that may occur.
2. To be eligible for competition, whether single or group, animals must be the bona fide property of exhibitors and all animals entered for competition, except when otherwise specified it must be owned by the exhibitor prior to making entry. Should any be otherwise entered they will forfeit any premiums awarded by the judges.
3. The board of directors reserves the right to withhold premiums awarded in cases where it shall appear that the regulations have not been complied with or that fraud or deception has been practiced or attempted.

Before the Fair

1. Each superintendent of a department shall direct the arrangement for all entries or animals on exhibition in his/her departments.
2. With the help of the Extension Office put the livestock show in order. Have entry books put together and ready to go before the show. Non-livestock shows books are done mainly by Extension Office you may need to help if asked.

The Day of Judging

1. Make sure that the judge has all the supplies needed for judging- ribbons, scorecards, clipboard, pencils. Water if needed.
2. Watch for the judge and welcome them. Take them to the area they will be judging.
3. Make sure the judges know any special awards and the criteria they are to use.
4. Monitor judging to see if judge are:
 - a. Moving at an acceptable pace.
 - b. Providing positive, constructive feedback.
 - c. Adequately questioning youth
5. Verify the completeness of all judge's rating and awards. Ribbon placing for each exhibit should be carefully recorded for awarding of premiums. You or another committee person may do this.

When Judging is Finished

1. Ask if the judges had general comments for improvements- to pass along to youth about their projects or about the way the show was organized.
2. Be sure to thank the judges for their time.
3. Escort judges back to the Fair Office so they may collect their check from the Fair Board. Again, thank them for their time and expertise, and encourage them to enjoy the other aspects of the fair.
4. Each superintendent of exhibits is charged with caring for and returning entry books of his/her department, with the awards of each animal or article duly and properly entered therein and each award signed by him/herself and the judges who make the awards, as it is upon his record only that premiums can be paid.

RULES TO BE OBSERVED BY JUDGES IN THE ARENA OR WHILE JUDGING

No one shall act as judge who is related to any person competing for a premium. If any exhibitor files with the Superintendent a written statement that the judges or any awarding committee have been interfered with the performance of their duties, by a false statement, by a letter or circular or otherwise, or that one of the judges is related to the successful competitor, or have been directly or indirectly interested in the case in which he/she acts as committeeman, it shall be the duty of the board to withdraw premium until all the facts have been submitted to the board of directors.

1. During the exhibition in the arena no person will be allowed inside the arena except the judges, ring stewards and members of the board of directors, and parties in charge of the stock.
2. Exhibitors are not permitted to address the judge (unless spoken to by said judge while he/she is in performance of his duties).

OPEN CLASS ENTRIES

GENERAL INFORMATION AND RULES FOR BOTH OPEN AND 4-H/FFA/HYA

1. The Cherokee County American Legion Fair Association reserves to its board of directors the final and absolute right to interpret these rules and arbitrarily settle and determine all matters, questions, and differences in regard to or otherwise arising out of or connected with our incident to the fair.
2. Profanity &/or unethical behavior will not be tolerated on fairgrounds. Criticizing or interfering with the judge, other exhibitors, show officials or fair board members before, during, or after the event may result in an individual or group being expelled, placed on probation, declared ineligible or barred from the fair.
3. Copyright Laws Exhibitors should learn the guidelines and exercise caution when using copyrighted materials whenever possible by originating their own work. Exhibitors should use with caution a copyrighted and/or trademarked product or service (a brand name, label or product). A copyright and trademark are legal methods used by writers, artists, corporations and others to protect their original work. Protected items may range from books to music, logos to computer graphics. Copyrighted and/or trademarked materials used in displays, demonstrations, posters or other activities will be disqualified if the exhibitor does not acquire permission to use the copyrighted and/or trademarked materials and will not be displayed or receive ribbons. The use and inclusion of specific brand names for educational purposes does not imply endorsement or refusal by the Department of 4-H Youth Development, Kansas State University Agricultural Experiment Station and Cooperative Extension Service of the State of Kansas.
4. Fair Board may use KS State Fair Rules as a guideline, but reserve the right to set the rules for our fair.
5. No machinery is allowed inside the barns except for use by members of the Fair Board.
6. All livestock trucks and trailers left over 24 hours must be parked in designated area, on the rodeo grounds.
7. Every animal entered in competition for prizes must be owned by the exhibitor unless shown in a group.
8. Competition for Championship honors must be limited to the first and second winners in the individual classes.
9. Entries must be made in every class in which the animal is to be shown, either as an individual or as a member of a herd group or pair, except in the case of championships.
10. **No animal can be entered in more than one individual class in each show (Open or 4H/FFA/HYA).**
11. Any person making a false entry or misrepresenting his animal as to age, or any other manner, will forfeit any prize that may have been awarded and will be excluded from all competition.

12. No premium shall be awarded to any animal or article that is unworthy. In case there is no competition, only one prize may be awarded and this shall be determined by the judge on merit and over his signature.
13. Every rule in the premium list will be strictly adhered to and no exceptions.
14. The Annual Fair of the Association will be held July 15th – July 19th inclusive, unless postponed or extended by the management which hereby reserves the right to do so, for any case or causes whatsoever deemed necessary for the good of all parties concerned.
15. No disorderly conduct of any kind will be permitted. Law Enforcement will be on the grounds sufficient to see that all rules are obeyed.
16. No persons will be allowed in the Exhibit Buildings during judging except judges and Fair Officials.
17. All Livestock, poultry, and rabbit exhibitors will be responsible for caring for their exhibits.
18. All cooling systems will be provided by the fair board. No personal fans, coolers, misters, or foggers will be allowed unless voted and approved by the fair board.
19. **No animals shown in 4-H/FFA/HYA market classes will be allowed to show in open or 4-H/FFA/HYA breeding classes the same year.**
20. Guaranteed stall space will be pre-assigned.
21. Animals going through Cherokee County Fair Premium Sale can continue on for further exhibition and premium sales.
22. All livestock must remain in their stalls from 9:30 a.m. to 9:30 p.m. each day of the fair, except to be watered or taken to wash area. Cattle must be in the barns from tie-outs by 9:30 a.m. & may release to tie-outs at 9:30 p.m. Animals can be fed and watered at any time, but must remain stalled between 6:00 p.m.-9:30 p.m. Pens and stalls must be cleaned before 6:00 p.m. No tractor use should be done between 6-9:30 p.m. for the safety of spectators.
23. Lights will be shut off at midnight in the barns during fair week (except in the area which will be showing their species the following day, lights can be left on there later, if necessary). A 1:00 a.m. curfew will be in place with adults and superintendents coordinating this effort. The Fair Veterinarian and the Species Superintendent will in accordance grant permission for early release of animals from the fair for family or health concerns of the animals, without this allowance premiums will be forfeited.

24. **FITTING RULE**

Each exhibitor must care for and groom his or her own animal and may use only the assistance of an immediate family member (parents, legal guardian, siblings, and grandparents) or another Kansas 4-H, FFA, HYA member who is an exhibitor at this year's livestock show. **Note legal guardians** in Kansas must be appointed by the court. Please be prepared to present court order of legal guardianship upon request.

Other individuals who do not meet the definition of "immediate family member" or are not exhibitors at the show but who wish to provide consulting assistance to exhibitors shall be deemed "Livestock Helpers." With includes Superintendents, 1 Committee Member may also help, Project Leaders, FFA Leaders.

Grooming at the Cherokee County Fair for all shows may include the use of adhesives, paints, and powders and shall not include the use of hair not from the animal being groomed or twine/artificial material.

The use of private and/or professional trainers or fitters will not be allowed. If this situation occurs, the young person will be asked to remove their animal from the

fairgrounds and all premium money will be forfeited. This applies to all animal exhibits

EXHIBITOR'S DUTIES AND PRIVILEGES

1. Any person making an entry of an animal or article, misrepresenting the same in any way will forfeit the premium and be excluded from competition.
2. Exhibitors will be required to keep their space and stalls in a clean condition by removing any fifth and litter to where the sanitation force of the association may get to it with convenience.
3. Livestock must be exhibited promptly when ordered to be shown.
4. All stalls and stall areas should be clean and presentable on premium sale day, in order to go through the auction.
5. Criticizing or interfering with the judge, other exhibitors, breed representatives, show officials, or Fair Board members before, during or after the event may result in an individual or group being expelled, placed on probation, declared ineligible or barred from the Fair. This also includes messing with another exhibitor's exhibit.
6. **Tagging system for unclean stalls or pens**
 - a. First offense - **Yellow Tag** - if the superintendent of that species finds the stall or pen unclean, the individual using that stall or pen has less than 10 hours, from the time that the tag was attached to clean the stall or pen.
 - b. If the stall or pen has not been cleaned within those allotted 10 hours, an **Orange Tag** will be attached to the stall or pen by the superintendent of that species, but only after consulting with another superintendent of another species about the situation. If both superintendents feel it is necessary, the Orange Tag will be placed on the stall or pen.
 - c. If it is still not cleaned at the end of the 10 hours, a **Red Tag** will be issued. In order to issue a Red Tag, the superintendent of that species must consult with a Fair Board Member and an Extension Board Member or Extension Agent. If the three involved feel that the situation deems the need of a Red Tag, it will be placed on the stall or pen and that individual must remove their animal from the premises and will not receive any premium money.

LIVESTOCK HEALTH RULES 4-H/FFA/HYA AND OPEN CLASS

The following livestock health rules shall govern the admission of livestock to the fair grounds.

FAIR HEALTH REQUIREMENTS

2025 Requirements for Kansas County Fairs Kansas Livestock

GENERAL HEALTH REQUIREMENTS: All animals are subject to examination by the exhibition staff or their representatives and shall be free of clinical signs of infectious or contagious disease. Health certificates and additional requirements shall be a county option. Any animals presenting to the fair in a body condition score of 3/9 or less will not be allowed to remain at the fair.

LIVESTOCK ORIGINATING FROM OTHER STATES GENERAL REQUIREMENTS:

All animals (cattle, bison, sheep, and goats), shall be free of clinical signs of infectious or contagious disease and must be accompanied by a health certificate issued within 30 days of exhibit. This must be available, upon request, to the exhibition staff. All animals, except

steers and spayed heifers, must be individually identified by official breed registration tattoo or tag, USDA metal ear tag, or breed association ear notch for swine.

FAIRS AND SHOWS

4-H/FFA/HYA members wishing to participate in a competitive event have the responsibility to ascertain the requirements established by sponsors of such an event. Those requirements are likely to vary from event to event and from time to time. 4-H/FFA/HYA members have the option of participating or not participating in those competitive events. Please note that rules and regulations for those parts of the fair designated for participation by 4-H members must conform to policies and procedures established by the Director of Extension. Participation in 4-H fairs is to be based on two principles:

1. The exhibit should demonstrate knowledge and skills learned in a 4-H project experience in a local 4-H club, group, event enrichment program, or individual participation.
2. The member should not benefit economically from multiple premiums, auctions or sales in major shows with the same exhibit.

An animal sold at a public auction or privately, whether for immediate or future delivery, can from the time of such sale, be shown by the seller in any subsequent 4-H/FFA/HYA show. This policy also applies to those animals which have gone through a premium auction, whether or not ownership has changed. All exhibits are intended to be the result of knowledge and skills gained in one or more 4-H/FFA/HYA experiences. Therefore, ownership time periods may be established for certain exhibits by the various shows and listed in the show's rules and regulations.

***See weigh in dates and times for 4-H/FFA/HYA animals on page 52**

Qualifying for State Fair Rules

4-H exhibitors 9 years and older awarded blue or purple ribbons are eligible to enter their exhibits in the Kansas State Fair. Pre-registration forms can be picked up or filled out at the Extension Office. **Not all department qualify and the number of exhibitors eligible varies per department.

FFA Kansas State Fair Entries please check with your FFA Advisors for eligible.

PREMIUM LIST

OPEN PREMIUM: In making payments for premiums awarded, no award will be recognized except the superintendent's entry book properly approved and signed by the superintendent and judge of the department in which the exhibit would be entered. No prize will be awarded unless the animal or article is worthy and this shall be determined by the judge. Exhibitors are expected to promptly obey orders of the management in placing their stock on exhibition at all times and are subject to the instruction of the superintendents of the department. Failure to comply with these regulations may cause a forfeiture of any and all premiums due to such offenses. No premiums shall be awarded or paid upon an animal or article for which no classification is provided or mention is made in this list, hereafter published. Open class livestock premiums will be paid in the Extension Office, all other open Quonset hut premiums will be paid in the fair board office, starting at 3:00 PM Saturday of the Fair. **NO OPEN PREMIUMS WILL BE MAILED. 4-H/FFA/HYA GENERAL REQUIREMENTS

SPECIAL NOTE: The 4-H/FFA/HYA youth organizations strive to develop life skills. These skills will enable young people to meet the challenges of the adult world with confidence. Unless the young people are allowed to perform tasks necessary to learn these skills, the goal of developing capable people will not be met.

1. 4-H/FFA/HYA members are expected to wear appropriate show attire (no tank tops, halter tops, shorts, or open toed shoes.) when showing their animals: horse, dog, rabbit, swine, sheep, beef, dairy and goats. (Ask yourself; would these clothes meet my school's dress code?) Cowboy hats are allowed to be worn in the show ring.
2. Premium Sale - if possible 4-H/FFA/HYA members are encouraged to wear attire with their designated emblem (4-H/FFA/HYA).
3. LIVESTOCK ARRIVAL AND DEPARTURE - Early arrival of livestock is not encouraged. If any animals are to be left past midnight Saturday night, they must inform the 4-H Agent. **ALL** animals are to be removed by 12:00 p.m. on Sunday following the fair (unless being loaded out to local lockers) so clean up can proceed.

CODE OF CONDUCT

ALL youth participating in the Cherokee County Fair are expected to follow them:

1. You are responsible for knowing the rules for each event.
2. Dress appropriately for each event. (See bullet point 1 under 4-H/FFA/HYA General Requirements)
3. Use language and manners that will bring respect to you and Kansas 4-H/FFA/HYA.
4. Know that the use of tobacco, alcohol and non-prescribed drugs are illegal and prohibited at all 4-H/FFA/HYA events.
5. Model respect for others.

6. Treat program areas and vehicles with respect and care. You will be responsible for any damage, theft, and/or misconduct in which you participate.
7. Help others to have a pleasant experience by making every attempt to include all participants in the activities.
8. Live up to your highest expectations for yourself.
9. Harassment of any kind (for example: physical, social, emotional, sexual) is illegal and prohibited at all 4-H/FFA/HYA events.

4-H/FFA/HYA LIABILITY

- All entries in exhibit should be accompanied by exact location of trees. (This information is wanted so a source of scion wood can be located for future grafting and budding work.)
- All nuts exhibited are to be clean and attractive.
- Nuts of preceding year's crops should be stored in a cool dry place so they remain free from rancidity and insect damage.
- Nuts in a single plate must be of a single variety. Plates containing nuts of more than one variety will be disqualified.
- All material entered in exhibits will be disposed of at the discretion of the county agent.

Explanation of Point Score:

Size-	The larger nuts will be given preference.
Uniformity-	The nuts on any one plate should be typical of the tree or variety and be uniform in size, form or shape, color or conformation.
Appearance-disease.	Nuts will be clean and free from discoloration, insect or
Cracking Quality-	Nuts will be cracked in a machine typical in principle of types used by large cracking companies. Nuts that crack out whole will be given high preference.
Filling & Plumpness-	The kernels should be plump, full in the cavities of the shell. Shrunken or shriveled kernels will be heavily penalized.
Color of Kernels-	The color should be right and attractive. Uniformity of color is important.
Quality of Kernels-	Kernels should be free from rancidity and have a good flavor.

PHOTOGRAPHY

Color Photo Classes

Class number Description's

900 World In Motion

The trend of capturing pictures in black and white is popular even today as it helps to bring out the natural beauty of the subjects. This type of photography makes extensive use of contrasts and shadows to give the pictures a realistic and beautiful look.

901 Portrait Human

One of the oldest types of photography is portrait photography. It can range from shooting your family members to friends. Often, the goal of portraiture is to show the character of a subject – to capture the person's personality and emotion in an image. These include self-portrait

Head Shot Photography

Headshot photography is a genre like portrait photography. The difference here is that the photographer only goes for headshots. A headshot is a typical shot of the head and bust. But it can go as far as a torso shot with folded arms. Images such as these are for professional use. Either for online purposes or as a portfolio shot for actors.

902 Portrait Animal

Pet photography is the act of photographing pets in a portrait manner. Examples of these could be photographing dog, cats, birds or horses. Similar skills apply to pet photography as portraiture

903 Wildlife

The genre of photography that focuses on animals and their natural habitat is called wildlife photography.

904 Nature

Natural photography comprises of pictures of nature as viewed from the eyes of the photographer. Contrary to what many people believe, nature photography is not only restricted to capturing the images of trees and plants, but rather includes any outdoor natural aspect including hills, water bodies and even the sky.

905 Landscape/ Scenery

Landscape photography is another way of saying scenic or environmental photography. It involves taking pictures of a natural scene – often large and grand, but sometimes smaller and more intimate – in a way that brings the viewer into a scene. Landscape photography is one of the most popular types today, spinning off several sub-genres such as storm photography, seascapes, tree photography sunsets, even night photography, and so on. With a broader definition, it also includes “urban landscape” photography and manmade scenes.

906 Candid

Candid photography comprises of pictures clicked in completely natural states of the subjects without any prior preparedness. This type of photography is increasingly becoming popular not only during social events and special occasions, but for general images as well as it helps in capturing the uniqueness and magic of the moment.

907 Fireworks

As the name indicates, Firework photography deals with clicking images of the beautiful firework display especially at night. This type of photography is relatively easy and can be carried on with a normal camera. These images, when clicked in a proper manner are quite majestic and appealing for the viewers.

908 Still Life

Still life is best defined as the art of clicking pictures of immovable subjects. This forms a broad spectrum as it includes various other genres of photography including flower and food photography in addition to pictures of animals and people as well.

Still life photography can also be taking pictures in a studio of a manufactured scene in order to look as good as possible, because it can include almost anything.

909 Action (Sports)

This genre of photography specializes in capturing a decisive moment in an event of sports. Sports photography is the act of photographing all kinds of sports. These can be fast-action sports, such as car racing, rodeos, and air shows. They can also be more relaxed, such as yoga photography.

910 Abstract

Abstract photography is often compared to abstract art as it also focuses on the shape, pattern, color, form, and texture. The subject of abstract photography is generally second to be viewed as the impact of the aspects surrounding the subject convey the essence of the image in most cases.

911 Special Effects

The photographer is the artist. Here, the capturing of the subject is not the main purpose. These images can be artistic statements. They have a stronger concept than the same image photographed in a traditional style

DEPARTMENT Y 4-H/FFA/HYA MARKET LIVESTOCK RULES

1. 4-H/FFA/HYA livestock must comply with health regulations. No tranquilized, drugged, or needle injected for filling, animals will be allowed to be shown.
2. All market beef must have been born on or after January 1, of the previous year.
3. All feeder calves must have been born on or after September 1, of the previous year.
4. All market classes will be shown by weight rather than breed.
5. Family Nominations applies to: all eligible siblings or youth who legally reside in the same household, share the same legal address, and materially participate in the care of the project the majority of the time.
6. Each animal will be ear tagged at first weighing so animals can be permanently identified. If tag is lost, contact the 4-H Agent within 3 business days. If you arrive at final weigh-in without a tag, your animal will not be eligible to show in a market class.
7. Each 4-H/FFA/HYA member will be limited to carry and show two animals of each species: 2 market beef, 2 market lambs, 2 market swine, 2 feeder calves, 2 market meat goats, 2 broiler pens, and 2 meat rabbit pens for the County Fair. Additional animals may be weighed and tagged for other shows. If you weigh in more than 2 animals at first weigh you specify at first weigh in, which 2 will be used for market.
8. Market swine, market lambs, market meat goats, feeder calves, and market beef may be females or castrated males.
9. No bulls, boars, bucks, or rams will be allowed to show or sell in the 4-H Division. Any male animal with evidence of testicles present at first weigh in will not be allowed to participate in the project. Bucket calves do not have to be castrated.
10. All market animals must have an official 4-H ear tag and have been weighed in at the initial weigh in, except Swine is only required tagged at initial weigh in. All goats & sheep must have scrapie tags at first weigh in. Dates are subject to change.

Initial Weigh in Dates:

Market Beef:	February 15 th @ 8:00am-9:30am
Feeder Calves:	April 5 th @ 8:00am-9:30am
Market Swine:	April 5 th @ 8:00am-9:30am
Market Lambs and Meat Goats:	April 7 th @ 5:00pm-6:30pm
Bucket Calves:	May 30 th @ 8:00am-600pm

11. Feeder calves must weigh 300 to 750 lbs. at initial weigh in. Feeder calves must gain 1 pound a day and weigh 999 lbs. or less at final weigh in. Market Beef must be less than 1,000 lbs. at first weigh in. Market Beef must gain 1.5 pounds a day. Animals will only be weighed once at initial weigh-in. Market livestock that are killed or die due to uncontrollable activities, (like dog attack) or have health threatening conditions from such events that inhibit proper growth, (not from parasites or inadequate feeding), or mobility (I.E. broken leg), may be replaced if the event happened within 10 days of initial weigh in.
12. The official weight for all market livestock to determine rate-of-gain contest and to determine if animal sells, will be on the date of final official weigh in. Animals can be weighed in more than once to determine sale eligibility and show weight classification, but have to be done before the final time of weigh in for that species. When making family nominations for livestock, you must state which animal belongs to whom before the animal steps on the scale. There will be no changes after the animal steps on the scale.

13. The time market animals are to be weighed at the fairgrounds are as follows:

Chickens:	Monday, July 14th, 6:00pm- 8:30pm
Swine:	Tuesday, July 15th, 8:00am- 10:00am
Feeder & Market Beef:	Tuesday, July 15th, 10:00am- 12:00pm
Sheep:	Tuesday, July 15th, 5:00pm-7:00pm
Meat Goats:	Tuesday, July 15th, 6:00 pm-8:00pm

In order to be eligible for the sale, all animals must be within the following minimum-maximum weight range when they arrive at the Fair.

Market Beef	1,000 lbs. or more and have gained 1.5 lbs. per day
Feeder Calves	< 1000 lbs. and have gained 1 lbs. per day
Swine	220 - 300 lbs.
Lambs	90 lbs. or more & have a positive weight gain
Meat Goats	50 lbs. or more & have a positive weight gain

14. Any animal regardless of weight can be shown. However, an underweight or overweight class will be created if necessary and they will not be eligible to show for Grand Champion honors or for premium sale.
15. If an animal has been unnaturally filled with water to make weight, that animal will be disqualified from show and sale.
16. Each exhibitor, unless prior permission has been obtained from the 4-H Agent, must show his own animal in the conformation class to receive premium money. If two animals are entered in the same class, a fellow 4-H/FFA/HYA member may show one.

RULES AND REGULATIONS FOR 4-H/FFA/HYA MARKET LIVESTOCK SALE

1. Each youth that sell an animal in the Premium Sale will be required to fill out a W-9 and must be turned in by 9:00pm Thursday of fair to the Fair board office. These forms will be kept by the Fair Board.
2. Animals exhibited as Market livestock will be weighed in during designated official fair weigh in to determine if they meet the desired market weights. (Refer to arrival times under Market Livestock Rules.)
 - a. Only one animal will be sold per exhibitor. If two or more species are shown, exhibitor must make the choice of which animal sales. This must be reported to the 4-H Agent by 9:00 p.m. Thursday night of fair week, otherwise highest placing animal will be listed on the sale bill. Animals going through Cherokee County Fair Premium sale can continue on for further exhibit and premium sales.
3. All livestock must be shown in their respective market classes to sell.
4. Sale order will be determined by the judge beginning with the Grand & Reserve Champion. Then 1st Blue and down. Species order rotates each year.
5. All animals accepted in the sale must be sold for premium to the highest bidder in the auction ring.
6. Auction of animal entries will start at 7:00 pm on Saturday, of fair.
7. Each exhibitor, unless he/she has obtained prior permission from the grievance committee, must be present to sell his/her animal at the Livestock Sale.
8. Each 4-H/FFA/HYA member who sells an animal at the sale will be required to purchase a "Livestock Buyer Plaque" to be given to the buyer of his/her animal and will be required to pay their part of a newspaper advertisement which will list and thank all sale buyers.

ROUND ROBIN SHOWMANSHIP

The Round Robin Showmanship contest is sponsored by Farmer's Coop. The Senior and Intermediate Showmanship winners in beef, dairy cattle, sheep, horse, swine, meat goat, and dairy goat will compete in the round robin.

1. 4-H/FFA/HYA member must use their own same animal that was shown in the Showmanship Class.
2. The contest will be open to the top intermediate and senior showman of each livestock division. If an individual wins in more than one species they must choose which animal they will show and the reserve champion will be eligible in the other species. If there is no reserve champion to show then the grand champion showmanship animal will be brought in to show. Only a grand or reserve champion placing can show in the Round Robin.
3. Each showman will show all species of livestock beginning with the species in which he/she has been declared champion and will be scored on his/ her ability to present each livestock species to the judge.
4. A ring man will be designated to direct the individual showman as prescribed by the judge of the contest.
5. The round robin exhibitor in each livestock division will make the same animal he/she showed in winning the contest available to the other contestants participating in the contest.
6. It will be the responsibility of each participant to have his/her animal thoroughly cleaned and groomed prior to the contest.
7. No red ribbon can qualify for grand or reserve.
8. If an exhibitor chooses to not participate, they will forfeit their ribbon, ribbon premium, and any awards.
9. The winner is chosen based on a point system. The exhibitor with the highest points will receive Grand Champion and second highest will receive Reserve Champion in their respective age categories.

1. Member is eligible for this class beginning with the third year of enrollment in the 4-H photography project.
2. Exhibit will consist of one photo for each year of enrollment. Each photo must have been created in a different year and must be labeled with the year taken/project enrollment year. A maximum of 5 photos may be included if the member has 5 or more years of enrollment. Photos are not required to be in a consecutive order. For example, a nine-year-old with three years enrollment in photography is eligible to enter a growth portfolio. The portfolio in this example should have one photo from the seven-year-olds year, one photo from the eight-year-olds year, and one photo from the nine-year-old's year. The growth portfolio class may start at any time in the member's photography career. For an older member, the growth portfolio would represent any five years in the project, for example, years 1,3,5,7 and 9 for a member having project enrollment totaling 9 years.
3. Photos must be 8" x 10" and may be color or black and white and must be mounted.
4. An information sheet must accompany each photo giving brand and model of camera used to create the photo. The settings for focal length, aperture, mode and shutter speed must also be listed.
5. Skill set used to create the photo must be given and explained. Main goal for each year should be listed.
6. Beginning with photo 2, member description of GROWTH in project skill must be included on information sheet.
7. Exhibit will consist of photos arranged in chronological order of enrollment, information sheet on each photo, and all information listed in #6 and #7. A portfolio book will be required to exhibit.

4808 Career Portfolio

1. Member must have been enrolled in Photography for 5 (five) or more years OR member must be age 15 -19 and been enrolled in photography for at least two (2) years.
2. Exhibit will consist of ten (10) 8 x 10 photos showing skill development in one of the following photography areas: Portraiture, Special Effects (not done with computer), Landscape, Photo Journalism, Black and White, Nature/Wildlife or Graphic Design (computer skills with photos). Photos may have been created over multiple project years.

3. Photos may be color except if Black and White option is chosen and must be unmounted.
4. An information sheet must accompany each photo giving brand and model of camera used to create the photo. The settings for focal length, aperture, mode and shutter speed must also be listed.
5. A one-page summary should accompany the portfolio listing the goal for pursuing this area of photography and what skills were learned while doing so. Mentors should be acknowledged. Career exploration can also be described.
6. Exhibit will be presented in a notebook designed for portfolio review with pages for required information from #4 and #5.

PREMIUMS For all classes unless stated otherwise
PURPLE - \$1.75 BLUE - \$1.25 RED - \$1.00 WHITE - \$0.75

AEROSPACE/ROBOTICS

1. Telescopes entered in this division may be a kit or original design.
2. Beginner kits and pre-finished telescopes requiring no painting are not acceptable. Each robot must be able to stand or sit freely by itself, without additional supports. The robot's dimensions must be no larger than 2 feet wide by 2 feet deep by 2 feet high. The report that accompanies the Robotics exhibit must be limited to the "4-H Robotics Exhibit Information Form". The completed form should be glued to the outside of a 10" x 13" envelope. A copy of the robot's construction plans must be entered with the exhibit in the envelope. At least two photographs of the robot entered must also be included - one must show the exhibitor during the construction phase and one with the robot during an actual time of operation. Photographs should be mounted on ONE side of an 8-1/2" x 11" page and placed inside the envelope. All electronic components of the robot must be adequately covered or concealed with a protective enclosure. All robots must include an on/off switch for operation. *Robots that include weaponry for the purpose of causing physical harm to another robot will be disqualified. Robots

must be powered by electricity, battery, water or solar source. Any robot powered by fossil fuels or flammable liquids will be disqualified. Creativity will be a strong criterion in judging the "Robot Designed by Exhibitor" classes.

CLASS DESCRIPTION OF CLASS

2700	Telescope made from kit
2701	Telescope made from original design
2702	Astronomy Educational Exhibit and Project Notebook
2703	Astronomy Educational Poster
2704	Robot made from a commercial (purchased) kit. Include construction plans.
2705	Robot designed by exhibitor. May not be mere modifications of an existing robot kit or plan. Include original construction plans.
2706	Programmable robot made from a Commercial (purchased) kit.
2707	Robot designed by 2 or more 4-H aerospace program members. May not be mere modifications of an existing robot kit or plan.
2708	Educational display, notebook or poster.

PURPLE- \$1.75 BLUE- \$1.25 RED - \$1.00 WHITE - \$0.75**

Exhibits in this department will be shown outdoors. Displays in this department will consist of examples of labor-saving devices and/or examples of farm machinery and equipment which have been constructed, repaired, reconditioned or renovated.

Introductory - Level 1 classes (about 1 - 3 years of experience)

This level is designed for youth with little to no exposure in the project area so that they can gain an understanding of basic principles and methods in the given area.

CLASS DESCRIPTION OF CLASS

2800	Welding display board – a 3-foot by 3-foot display board with different pieces of metal attached illustrating different types of welds, each weld being labeled
2801	Level 1 Welding ag repair – repair of ag equipment with welding
2802	Level 1 Welding ag fabrication – creation of new ag equipment with welding
2803	Level 1 Welding general repair – repair of non-ag equipment with welding
2804	Level 1 Welding general fabrication – creation of non-ag equipment with welding
2805	Level 1 Welding artistic fabrication – creation of artistic or interpretive pieces with welding
2806	Level 1 Brazing repair
2807	Level 1 Brazing fabrication
2808	Smithing display board – a 3-foot by 3-foot display board with different pieces of forged metal attached illustrating different forms, each form being labeled
2809	Level 1 Smithing – A design forged with at least one formed element (twists or spirals for example)

Experienced – Level 2 classes (about 4 - 6 years of experience)

This level is designed for youth some experience in the project area allowing them to expand on common principles and methods in the given area.

CLASS DESCRIPTION OF CLASS

2810	Level 2 Welding ag repair – repair of ag equipment with welding
2811	Level 2 Welding ag fabrication – creation of new ag equipment with welding
2812	Level 2 Welding general repair – repair of non-ag equipment with welding
2813	Level 2 Welding general fabrication – creation of non-ag equipment with welding
2814	Level 2 Welding artistic fabrication – creation of artistic or interpretive pieces with welding
2815	Level 2 Brazing repair
2816	Level 2 Brazing fabrication
2817	Level 2 Smithing – A design forged with at least two different formed elements (twists and spirals for example)

Advanced – Level 3 classes (about 7 - 9 years of experience) This level is designed for youth with vast experience in the project area allowing them to master common principles and methods and expand on advanced techniques in the given area.

CLASS DESCRIPTION OF CLASS

2818	Level 3 Welding ag repair – repair of ag equipment with welding
2819	Level 3 Welding ag fabrication – creation of new ag equipment with welding
2820	Level 3 Welding general repair – repair of non-ag equipment with welding
2821	Level 3 Welding general fabrication – creation of non-ag equipment with welding
2822	Level 3 Welding artistic fabrication – creation of artistic or interpretive pieces with welding
2823	Level 3 Brazing repair
2824	Level 3 Brazing fabrication
2825	Level 3 Smithing – A design forged with at least three different formed elements (twists, spirals, and bulbs for example)

Master – Level 4 classes (10 or more years of experience) This level is designed for youth substantial experience in the project area allowing them to master advanced techniques in the given area.

CLASS DESCRIPTION OF CLASS

2825	Level 4 Welding ag repair – repair of ag equipment with welding
2826	Level 4 Welding ag fabrication – creation of new ag equipment with welding
2827	Level 4 Welding general repair – repair of non-ag equipment with welding
2828	Level 4 Welding general fabrication – creation of non-ag equipment with welding
2829	Level 4 Welding artistic fabrication – creation of artistic or interpretive pieces with welding
2830	Level 4 Brazing repair
2831	Level 3 Brazing fabrication
2832	Level 4 Smithing – A design forged with at least four different formed elements (twists, spirals, and bulbs for example)

DIVISION Y20 BUILDING BLOCK ENGINEERING**

Superintendent:

Committee:

PREMIUMS For all classes unless stated otherwise

PURPLE - \$1.75 BLUE - \$1.25 RED - \$1.00 WHITE - \$0.75

CLASS DESCRIPTION OF CLASS

- | | |
|------|---|
| 2900 | Interlocking brick diorama built from a kit. Only open to 7–9-year-olds. Does not qualify for state fair. |
| 2901 | Interlocking brick diorama built from scratch. |

Rules for all classes

1. 4-H members must be currently enrolled in the Kansas 4-H Building Block Engineering project to exhibit in this division.
2. Each exhibitor may enter one exhibit. Exhibits must have been constructed during the current 4-H year. The exhibit must have been selected at the county level for entry at the State Fair.
3. Total exhibit dimensions may not exceed 2 feet high, by 2 feet wide, by 2 feet deep and minimum dimensions of 6 inches wide and deep.
4. All exhibits should be placed in a sturdy see through enclosure with a top, bottom, and 4 sides. This is to keep exhibit parts from being “scattered to parts unknown” at the fair. The outer dimensions of the enclosure do not count for the total exhibit dimensions.
5. All components used in construction should be dust free, clean, free of chips, scuffs, or cracks
6. The primary building component should be interlocking blocks, commonly referred to by the brand name of Lego®
7. Other architectural components can be integrated into dioramas to illustrate architectural aspects that may be difficult to convey with traditional interlocking blocks.
8. The use of existing “store bought” sets for major architectural elements of the display is not allowed, use of figurines from sets is allowed as are using individual bricks to create something different than the architectural component of the set it came from.
9. Displays must have significant architectural components (walls, windows, doors, roofs, canopies flying buttresses, etc.), landscapes are discouraged.
10. Architectural elements should have a consistent look, walls with no pattern or consistency will be deducted one ribbon placing.
11. Gaps or cracks should not be visible between assembled blocks
12. Doors should open and close, windows can be either fixed or open and close.
13. Vehicles that are intended to stay in a single place should be affixed to base plates with sticky tack, hot glue, or other method.
14. Reveals that show the inside of a structure are acceptable, such as only having three walls to allow an unobstructed view into a room.
15. Mechanical enhancements or motion elements that add motion to the diorama are acceptable and encouraged. If used judges should be able to use them and instructions should be provided for operation.
16. Artistic designs with no architectural design/components are not permitted and two ribbon placings will be deducted.
17. The exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the display.

18. Each exhibit must include an Architectural Block Construction information packet. Entry of just a packet without an accompanying exhibit is not a sufficient exhibit.
19. Each exhibitor is required to complete the "4-H STEM Architectural Block Construction Exhibit Information Form" which is available through your local K-State Research and Extension office or at www.STEM4KS.com. This form must be attached to the outside of a 10" x 13" manila envelope. Do not tie the envelope to the exhibit.
20. Each exhibit information packet should include the following items:
 - a. At least one drawing of the desired architecture on graph paper, multiple views (top, front, side) are preferred
 - b. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state
 - c. If appropriate operating instructions for mechanical portions of the diorama

ENGINES

Engine Entries due in 4-H building no later than 9:30 a.m. Monday, July 14th.

Rules

1. This division is open to members enrolled in the 4-H/FFA/HYA small engines project.
2. All engines displayed must be free of external grease and oil.
3. Engines not properly cleaned will not be allowed to be displayed.
4. All exhibits should involve engines smaller than 20 horsepower for classes 500-502.
5. Displays are limited to 4' wide and 4' deep- both upright and floor displays.
6. For safety purposes and to eliminate the possibility of fires, engines should not have gasoline in the tank.
7. Engines containing gasoline will NOT be accepted for display.

CLASS DESCRIPTION OF CLASS

- | | |
|------|---|
| 3000 | DISPLAY - Exhibit a display, selecting one of the following options: (1) a display identifying different engine or lawn and garden equipment parts, or a display showing the function of the various engine or lawn and garden equipment parts; OR (2) A display identifying and explaining the function(s) if different special tools needed for small engine work; OR (3) A display illustrating and providing the result of any one experiments that are included in the project books. No complete engines, lawn tractors, tillers, or chainsaws, etc. are permitted for display. |
| 3001 | MAINTENANCE - Exhibit a display that illustrates either (1) Routine maintenance procedures OR (2) Diagnosing and troubleshooting specific problems in an engine. No complete engines, lawn tractors, tillers, chainsaw, etc. are permitted for display. |
| 3002 | OPERATION - Exhibit an operable small engine (no more than 20 HP) overhauled or rebuilt by the member. Include the maintenance schedule for the engine and brief description of steps taken by the member overhauling or rebuilding the engine. |

WIND ENERGY

All exhibits in this division are limited in size to standard, tri-fold, display boards (36"x48") and items may not extend beyond 12" from the back board. All displays must be self-standing.

CLASS DESCRIPTION OF CLASS

- 3003 EDUCATIONAL DISPLAY - Create an exhibit that addresses a focused topic related to wind power as a renewable energy source. The purpose of the exhibit is to uniform and create awareness.
- 3004 EXPERIMENT – Display an experiment addressing a problem or question related to wind power as a renewable energy source. Include: hypothesis, background research, variables, a control, data, findings, conclusions and recommendation for the future study.

SMALL ENGINES, POWER OF THE WIND, ELECTRIC

The following exhibits will be evaluated by pre-fair conference judging at the 4-H Building.

Rules

1. Only those who have met the requirements of the electric project are eligible to exhibit in this division.
2. Exhibitor must enter in phase in which they are enrolled. No exhibitor may enter more than one article in each class, limit 4 classes.
3. Article should be cleaned before exhibiting if it has been used.
4. Gas engines cannot be exhibited in this division.
5. A sheet of operation instructions should be furnished for any exhibit not self-explanatory. Exhibit should be able to be operated. If battery power is required, batteries should be furnished.
6. Each exhibit must have an evaluation card completed and attached securely. This card (available at the Extension Office) should include the 4-H/FFA/HYA's name and age, a description of the exhibit including the specific name and use, whether the exhibit is for indoor or outdoor use, and the cost of the project.

CLASS DESCRIPTION OF CLASS

- 3005 AC ELECTRIC PROJECTS- Electric projects with a 110 or 120v alternating current (AC) power source. Some project examples are household wiring demonstrations, small appliances, extension cords, trouble lights, indoor or outdoor wiring boards, or shop lights. Projects may be a restoration or original construction. The project must be 110/120v; no 240v exhibits are allowed, and must be constructed such that the judges have access to examine the quality of workmanship.

- 3006 DC ELECTRIC PROJECTS- Electric projects with a battery or direct current power source. This class includes electric kits or original projects. This class also includes demonstration DC powered projects. Examples include: wiring two- or three-way switches, difference between series/parallel lighting circuits, or wiring doorbells, switches. All DC electric projects must work with batteries supplied by the 4-H/FFA/HYA'ers. Projects must be constructed such that the judges have access to examine the quality or wiring workmanship.
- 3007 ELECTRIC PROJECTS - Electronic projects with a battery or direct current power source. This class includes electronic kits or original projects. Examples include radios, telephones, toy robots, light meters, security system, etc. May be constructed using printed circuit board, wire wrap, or breadboard techniques. Include instruction/assembly manual if from a kit. Include plans if from an original project. Projects must be constructed such that the judges have access to examine the quality of workmanship.
- 3008 EDUCATIONAL DISPLAYS and EXHIBITS – This class includes any educational displays, exhibits or science fair projects which DO NOT have a power source, i.e., exhibits, posters or displays of wire types, conduit types, electrical safety, tool or motor parts identification or electrical terminology. Educational displays and exhibits must be legible from a distance of four feet.

DEPARTMENT Y 4-H/FFA/HYA EXHIBITS

DIVISION Y22 Rocketry

Superintendent:

Committee:

**PREMIUMS For all classes unless stated otherwise
PURPLE - \$1.75 BLUE - \$1.25 RED - \$1.00 WHITE - \$0.75**

Rules

1. Each rocket must have been flown prior to the fair.
2. Rockets may or may not be exhibited on their launching pad. If exhibited without the launching pad, they must be able to stand freely by itself. Wooden or metal support rods must not extend past the tip of the nose cone.
3. The 4-H Rocket Exhibit Information form must be completed and glued to an 8-1/2" x 11" envelope. Place the plans for the rocket inside the envelope.
4. Photographs are also required with the exhibit. Place one 8-1/2" x 11" page of photographs, only one side covered, inside the envelope. One or more photographs of the rocket at the launch site are required.
5. Photograph showing rocket at the moment of ignition is preferred.
6. Photograph should be mounted on one single-sided 8-1/2" x 11" page, at least one page but not more than five.
7. Angles of the fins must fit a plus or minus two-degree variation.
8. Exhibit must be smooth and uniform, properly assembled and painted according to accompanying plans.
9. Starters are not permitted with the exhibits.
10. Beginner kits with prefabricated plastic fin assemblies and prefinished rockets requiring no painting are not acceptable.
11. Exhibitors who exhibit a rocket using a size E engine or larger will be required to provide National Association of Rocketry (NAR) membership number on the exhibit information sheet.

CLASS DESCRIPTION OF CLASS

- 3100 Rocket made from kit - 1st or 2nd yr.
- 3101 Rocket made from kit - 3rd yr. or more in project
- 3102 Rocket made from original materials (no kit parts on rocket.) An exhibitor may enter up to two rockets at the State Fair. One must be entered as a kit and the second must be entered as "designed by exhibitor".
- 3103 Rocket designed by 2 or more exhibitors, not merely modification of an existing kit rocket, including original plans.
- 3104 High power rockets made from Kit or original design. (4-H member must be enrolled in Aerospace and be at least 14 years of age by January 1 of the current year. *The NAR High Power Rocket Safety Code applies to the construction and launching of all rockets displayed in this division. All rockets in this division are to be launched under adult supervision. If a rocket is launched using an engine(s) that has 160.5 ("H" engine or equivalent amount of smaller engines), Newton's seconds or larger, adult supervision must be provided by an individual having high power certification. If according to Federal Aviation Regulations Part 101, a waiver is required to fly the rocket, a copy of that waiver is to be attached to the High-Power Information Form. High Power Rockets may be displayed without a supporting stand. If a supporting stand is used, it is not to exceed 8" square and ¾" thick. In addition to the information packet completed for all rockets, a high-power information form is to be completed and placed inside the information packet. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor's rocket, at the judge's discretion, will receive a participation ribbon. All information necessary will be given to the NAR and TRIPOLI for investigation and possible revocation of membership.

Superintendent: Albert Welch

Committee:

PREMIUMS For all classes unless stated otherwise
PURPLE - \$1.75 BLUE - \$1.25 RED - \$1.00 WHITE - \$0.75
Jr. Div. age 7 to 13yr.
Sr. Div. age 14 & up

The plan from which it was constructed must be with the article exhibited. The plan may be a photocopy, the actual pattern, or a scale drawing. It must be complete and accurate to the extent that a duplicate article could be built using the plan as a guide. In addition, include a list and cost of materials, plus amount of time spent on constructing and finishing the article. This list should include all wood, hardware, finishing supplies, etc.

Projects with fractal burning are not allowed.

Woodworking exhibits will be evaluated by pre-fair conference judging at the 4-H Building.

In judging woodwork articles, consideration will be given to:

Usefulness	Design	Choice of Wood
Workmanship	Suitability	Quality of Finish

CLASS DESCRIPTION OF CLASS

- 3200 Article for farm or shop use
- 3201 Furniture for household or lawn use
- 3202 Other woodwork article not included in above classes

NATURAL RESOURCES

DEPARTMENT Y 4-H/FFA/HYA EXHIBITS DIVISION Y27 GEOLOGY & LAPIDARY

Superintendent: Lucas Epler

Committee:

PREMIUMS For all classes unless stated otherwise
PURPLE - \$1.75 BLUE - \$1.25 RED - \$1.00 WHITE - \$0.75

Rules

1. Geology exhibits will be judged conference style on Monday mid-morning of fair week. The standard size exhibit box should be 18" x 24" x 3 ½". All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit 18" across the top and 24" deep. If a box has a sliding Plexiglass cover, it must be removable from the top. Screws, locks or other devices that would prevent judges from removing Plexiglass cover should not be used.
2. Each exhibitor is required to identify each display box by placing an identification label bearing name, county, and number of specimens in the upper left-hand corner of the glass cover (inside - use clear double-sided tape to adhere gummed labels) and by attaching a label with the same information on the lower right corner of the box (outside).
3. Exhibitor may enter in both geology and lapidary classes.
4. Exhibitor may show in only one of the first three geology classes (106, 107 or 108).
5. Exhibitor may also show in geology class 109 (special exhibit) and in one or more of the lapidary classes.
6. Geology specimens should be labeled with the number of the specimens, date collected, specimen name or description, and locality (county) where collected.
7. Novice Classes - not eligible for State Fair, need to add 6 new Specimens each year after first year.

CLASS DESCRIPTION OF CLASS

- | | |
|------|--|
| 3600 | Novice Class (First year exhibit - nine specimens) three rocks, three minerals and three fossils. |
| 3601 | Novice Class (second year exhibit - minimum 12 specimens) add six new specimens. |
| 3602 | Novice Class (Third year exhibit - minimum 18 specimens) add six new specimens. |
| 3603 | Novice Class (Fourth year exhibit - minimum 24 specimens) add six new specimens. |
| 3604 | Novice Class - Educational Display relating to project work.
For the Geology classes 1005, 1006, 1007 specimens should be mounted in the box by proper groups: rocks, minerals, fossils. All specimens must be collected from locations in Kansas. Out-of-state specimens will not count in the minimum number for the class, nor will they be considered in the judging. |
| 3605 | Display at least 15 rocks, minerals or fossils collected during the current 4-H year. Limited to one exhibit box 18"x24"x3 ½" with Plexiglass cover. This is for first year geology project members or those ages 7-10. |
| 3606 | Display at least 30 different rocks, minerals or fossils, at least 5 of each. Fifteen must be collected during the current 4-H year. Limited to one exhibit box 18" x 24" x 3 ½" with Plexiglass cover. Fossils must be identified at the Phylum level - can only enter this class for two years. |

CLASS DESCRIPTION OF CLASS

- 3607 Display at least 45 rocks, minerals or fossils, at least 5 of each. Fifteen must be collected during the current year. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (Fort Hays limestone, not just limestone; exact species must have different formation names listed on the I.D. card; Composite Brachiopod from Morrill Limestone not just Brachiopod or Composite Brachiopod). Exhibit limited to two boxes 18" x 24" x 3-1/2" with Plexiglass cover. Rocks must be identified by their proper name and type. Fossils must be identified to the Phylum level.
- 3608 Display at least 60 rocks, minerals or fossils, at least 5 of each. Fifteen must be collected during the current 4-H year. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (see example from class 912). Exhibit limited to two boxes 18" x 24" x 3-1/2" with Plexiglass cover. Exhibit must include approximately 15 specimens of current year's work. Rocks must be identified by their proper name and type. Fossils must be identified to the Phylum, Class and Genus levels if possible. This class is open to those ages 14 and older.
- 3609 Exhibit relating to everyday living; or to a mineral test, a rock formation, geological history, species of a fossil, forms of one mineral, a variation of one kind of rock, archaeological artifacts, or Indian artifacts. Exhibit limited to 4 feet of table space. Care should be taken to use durable materials that will withstand fair conditions. Exhibitor may show in the class regardless of number of times they have exhibited - may also exhibit in lapidary class.
The Lapidary will be judged on the following criteria:
Workmanship and Content 60 points
Presentation and Showmanship 30 points
Accuracy of Information 10 points
Lapidary exhibit boxes may be standard size, 18" x 24" x 3-1/2" or a smaller 18" x 12" x 3-1/2" size if appropriate. Specimens should be arranged across the 18" dimension of the exhibit box. All boxes must have a removable Plexiglass cover.
- 3610 Display at least 30 stones and minerals that will cut or polish. Five of the specimens must be collected by the member from the native site (not limited to Kansas). Polish 15 of the gemstones by tumbling. Label, giving identification of material and county where collected, or state or country of origin for non-Kansas material.

CLASS DESCRIPTION OF CLASS

- 3611 Exhibit at least 6 gemstones and minerals that have received lapidary treatment. Lapidary treatment may consist of tumbling, polishing and end or face or flat lapping. Specimens must represent at least 3 different gemstones and minerals and include at least 3 cabochons of any size or shape. Three of the specimens must be mounted. Label specimens as appropriate including locally (state) where originated. Exhibitor may also exhibit in any other geology class.

Committee:

**PREMIUMS For all classes unless stated otherwise
PURPLE - \$1.75 BLUE - \$1.25 RED - \$1.00 WHITE - \$0.75**

Types of exhibits in this division are open to educational or creative displays, educational posters, or notebooks. Maximum exhibit size is 2' x 3'. Avoid using copyrighted materials whenever possible. 4-H members must comply with state and federal laws. It is illegal to possess threatened or endangered wildlife, or the feathers, nests or eggs of non-game birds. Game birds and game animals taken legally during an open season may be used. The use of live wild animals in educational exhibits is prohibited.

Name, county, age and year in project should be in a prominent location on the exhibit. Credit all citations, websites or other resources used in creating your exhibit.

CLASS DESCRIPTION OF CLASS

- 3800 Notebook - Contents pertain to some phase, results, story, or information about the wildlife project.
- 3801 Educational Poster - Must be related to something learned in the wildlife project. (Poster board of foam board no larger than 22" x 28")
- 3802 Educational Display - Must be directly related to the wildlife project (Maximum size is a 2 x 3' tri-fold display board.)
- 3803 Other Wildlife Display
- 3804 Taxidermy/Tanning Exhibit. Should include an attachment that shows the work in progress through photos with captions, or a detailed journaling of the process.

PLANT & ENVIRONMENTAL SCIENCE

Department Y 4-H/FFA/HYA Exhibits

Division Y30 Entomology

Superintendent: Bennie Capron

Committee:

PREMIUMS For all classes unless stated otherwise
PURPLE - \$1.75 BLUE - \$1.25 RED - \$1.00 WHITE - \$0.75

Rules

1. 4-H/FFA/HYA members may choose to exhibit in the Collection or Educational class for each phase, or both. Individual entries are to be placed in Plexiglass covered boxes 18in.x24in.x3in. (Maximum). See the specific phase for box and specimen number limitations. The preferred method is to arrange the insects in groups or rows parallel to the short sides of the box. Specimens are to be arranged in the box according to Order.
2. Each exhibitor is required to identify each box by placing an identification label bearing exhibitor's name and county and the class. One label goes in the upper left-hand corner of the box (inside) and the other on the back of the box (outside). The number of orders, specimens and families where required must be included on the exhibitor's box identification label.
3. Emphasis in judging will be placed on the overall variety of Kansas insects represented in the collection, accuracy of identification, skill and technique acquired in mounting of specimens and overall arrangement and appearance of the collection.
4. NOTE: Specimens of soft bodied insects such as aphids, lice, Collembola, termites, etc. should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.

Educational Classes

Educational Classes are limited to one standard box and a maximum of 150 specimens and work performed during the current year. Title of the exhibit should be indicated inside the box. The purpose of the project is to learn more about the importance, life cycles, biology, ecology, diversity, etc. of the insects and related Arthropods. Subject matter can be as varied as the animals themselves.

CLASS DESCRIPTION OF CLASS

NOVICE ENTOMOLOGY

- 3900 Any collection of insects gathered the first year. Insects are to be identified. (Not eligible for State Fair.)

BEGINNING ENTOMOLOGY I

- 3901 **COLLECTION-** Display in one standard box a minimum of 50 and maximum of 125 species representing at least 7 orders. Specimens should be grouped according to order. Order labels should be pinned to the base of the box. Two labels are required on each specimen. First label directly beneath the insect, centered on the pin, is the common name label. Common name refers to the commonly accepted name for the insect. Examples of common names include grasshoppers, cockroaches, or walking sticks for insects that belong to the Orthoptera. When in doubt, use the common name designed for the group in question. The second label is a date/locality label. It will be centered on the pin beneath the common name. 4-H'ers can exhibit in this class a maximum of three years.
- 3902 Beginning Educational Exhibit

BEGINNING ENTOMOLOGY II

- 3903 **COLLECTION-** Display in one standard box a minimum of 50 and maximum of 150 species representing at least 9 orders. Specimens should be grouped according to order. Order labels should be pinned to the base of the box. 4-H'ers can exhibit in this class a maximum of three years.

INTERMEDIATE ENTOMOLOGY

- 3904 **COLLECTION-** Display in one standard box a minimum of 100 and maximum of 300 insects representing at least 10 orders. Two standard boxes can be used. All Specimens should be grouped by order; in addition, all insects in any two of the following six orders: Orthoptera, Hemiptera, Homoptera, Coleoptera, Diptera, and Hymenoptera, are to be identified by family and the number of families in the orders must be recorded on the box identification label. Families represent subdivisions of order groupings and family labels will be pinned to the bottom of the box to represent subdivisions of the appropriate order. Two labels will be centered as a common name for specimen belonging to the six basic orders acceptable as a common name for specimen belonging to the six basic orders acceptable as a common name for specimen belonging to the six basic orders where family identification is required. The common orders name may be used as the common name of specimens that belong to those orders where family identification is not required. 4-H'ers can exhibit in this class a maximum of three years. Use caution since some of the orders not being identified to family do have major subdivisions. In the order Lepidoptera for example, common name of specimens would technically correct as moth, skippers, or butterflies.
- 3905 Intermediate Educational Exhibit

ADVANCED ENTOMOLOGY

- 3906 **COLLECTION –** Display a minimum of 150 and a maximum of 450 insects representing at least 12 orders. Two standard boxes can be used. Family identification is required for all insects belonging to the six basic orders as outlined under the intermediate phase. Family identification of insects in the remaining orders is optional, but desirable, as long as accuracy is maintained. Two labels are required for each specimen- first the common name label followed by the date/locality label, both of which are centered on the pin beneath the insect. The guidelines detailed under the intermediate phase may also be

used in the advanced phase, except that all butterflies appearing in the collection should be labeled with the correct common name.

ENTOMOLOGY COLLECTION NOTEBOOKS

- 3908 **Beginning 1 Entomology Collection Notebook:** Display in one 3-ring notebook a collection of photos with a minimum of 10 and a maximum of 30 insect species representing at least 6 different orders. Species pages should be grouped according to order. (Notebooks should contain 15 to 60 photos).
4-H/FFA/HYA'ers in their second year of this division need to list on a sheet of paper how many years you have been in this division of this project and what you did this year to improve your project. Place this paper just behind the Title Page in front of your notebook. A 4-H/FFA/HYA'er may exhibit in this class for a maximum of two years.
- 3909 **Beginning 2 Entomology Collection Notebook:** Display in one 3-ring notebook a collection of photos with a minimum of 30 and a maximum of 60 insect species representing at least 7 different orders. Species pages should be grouped according to order. (Notebooks should contain 50 to 120 photos). In a separate section, 4-H/FFA/HYA'ers should include pictures of different life stages or a series of specialized body parts (such as legs or antennae) for at least one order of insects. 4-H/FFA/HYA'ers may also include pictures of damage or habitat in this section. A divider should be put in front of this section. List on a sheet of paper how many years you have been in this division of the project and what you did this year to improve your project. Place this paper just behind the Title Page in front of your notebook. A 4-H/FFA/HYA'er may exhibit in this class for a maximum of three years.
- 3910 **Intermediate Entomology Collection Notebook:** Display in one 3-ring notebook a collection of photos with a minimum of 60 and a maximum of 100 insect species representing at least 9 different orders. Species pages should be grouped according to order. Pictures in any two of the following six orders should be identified to family: Orthoptera, Hemiptera, Homoptera, Coleoptera, Diptera, and/or Hymenoptera. (Notebooks should contain 100 to 200 photos). In a separate section, 4-H/FFA/HYA'ers should include pictures of different life stages or a series of specialized body parts (such as legs, antennae, specialized mouth parts, or identifying features) for at least two orders of insects. 4-H/FFA/HYA'ers may also include pictures of damage or habitat in this section. A divider should be put in front of this section. List on a sheet of paper how many years you have been in this division of the project and what you did this year to improve your project. Place this paper just behind the Title Page in front of your notebook. A 4-H/FFA/HYA'er may exhibit in this class for a maximum of three years.
- 3911 **Advanced Entomology Collection Notebook:** Display in one 3-ring notebook a collection of photos with a minimum of 100 insect species representing at least 12 orders. Species pages should be grouped according to order. In addition, family identification is required for all insects in the following six orders: Orthoptera, Hemiptera, Homoptera, Coleoptera, Diptera, and Hymenoptera. Family identification in the remaining orders is optional, but desirable as long as accuracy is maintained. (Notebooks should contain 100 to 200 photos). In a separate section, 4-H/FFA/HYA'ers should include pictures of different life stages

or a series of specialized body parts (such as legs, antennae, specialized mouth parts, or identifying features) for at least two orders of insects. 4-H/FFA/HYA'ers may also include pictures of damage or habitat in this section. A divider should be put in front of this section. List on a sheet of paper how many years you have been in this division of the project and what you did this year to improve your project. Place this paper just behind the Title Page in front of your notebook. Members may continue to exhibit in this class for an unrestricted number of years as long as they remain eligible for membership.

Committee:

PREMIUMS For all classes unless stated otherwise
PURPLE - \$1.75 BLUE - \$1.25 RED - \$1.00 WHITE - \$0.75

All leaf exhibits are to be mounted on 8-1/2" x 11" heavy stock paper and placed in loose leaf binders. (Magnetic or adhesive filler sheets for photographic prints are recommended.) Twigs and fruit collections may be exhibited in whatever manner you choose (maximum exhibit size 2" x 3"). Leaves should be identified with an appropriate label located near the leaf on the same page. These labels should include:

1. The proper common name as listed in the 4-H Bulletin 334, "List of Native Kansas Forest Trees"
2. Location (city, and/or county) where collected: and
3. Date (day, month, year collected)

For ideas on mounting, see the Forestry Project booklet (4-H 279).

Divide Specimens into the following two sections: Native Kansas Trees, and Non-Native Trees.

New Specimens collected during current year cannot be a duplicate species of a previous specimen. When replacing a "previously displayed" sample, the label must be updated and the specimen displayed in the "old previous" section.

Have samples grouped according to the year (such as "old-previous" and "new"). Variations of varieties do not count as different species or specimens.

INTERMEDIATE 4-H FORESTRY

Knowing Trees as Individuals (Leaf Collections)**

CLASS DESCRIPTION OF CLASS

- | | |
|------|---|
| 4000 | Beginning: Exhibit leaves of a minimum of 10 different (at least 5 specimens are "new") native Kansas trees, or leaf, twig, and fruit of five different native trees. Can include non-native specimens in addition to the required native Kansas trees specimens. |
| 4001 | Intermediate: Leaf specimens only. Exhibit leaves of a minimum of 20 (includes at least 10 "new" in addition to those previously exhibited) different native Kansas trees, or leaf, twig and fruit of 10 different trees (include at least 5 "new" in addition to those previously exhibited). Can exhibit nonnative in addition to the required native Kansas trees. |

CLASS DESCRIPTION OF CLASS

4002 Senior: Exhibit leaves a minimum of 25 (includes at least 5 new leaves, 5 new twigs, and 5 new fruit of the same species in addition to those previously exhibited) different native Kansas trees (not shrubs) or leaf, twig and fruit of 10 different trees (includes at least 5 new in addition to those previously exhibited.) Can exhibit non-native in addition to the required native Kansas trees.

4003 Advanced: Exhibit leaves of a minimum of 40 (includes at least 20 new specimens) different native Kansas trees, or leaf, twig, and fruit of 20 different trees (includes 10 new plus those from previous exhibits). Can exhibit non-native in addition to the required native Kansas trees.

** Exhibit one complete leaf where possible. Where leaf is too large, exhibit as much of terminal portions as possible. Sketch in reduced scale the entire leaf and illustrate where the exhibited portion comes from.

HOW A TREE GROWS

4004 Display: Entry may include a project notebook with 10 or more seeds collected with pictures showing a germination study or a mounting of a thin section of wood cut from the end of a log or top of stump labeled with information, such as kind of wood and age of tree when cut or exhibits an illustration of how a tree grows.

TREE APPRECIATION

4005 Entry may include a research or reporting project notebook with no more than 10 pages based on the exhibitor's selected tree. This notebook may include sketches, drawings, pictures, a story, or any other things which will help tell about the tree you have selected. DIVISION B

SENIOR 4-H FORESTRY**GROWING AND PROTECTING TREES**

4006 Display: Entry requires project notebook telling about project and pictures before, during, and after planting seedlings.

TREE CULTURE

4007 Display: Entry requires project notebook showing your project work and includes pictures of before, during and after wood lot improvement.

HOW FORESTS SERVE US

4008 Display: Entry may include collected wood samples (all or partial) and 500-word essay. Wood sample display to be mounted on poster board or any stiff material no larger than 2' wide x 3' high. Essay should be displayed in a covered binder.

EDUCATIONAL/CREATIVE EXHIBIT

4009 Display: Entry must be directly related to tree identification or Forestry. Type of exhibit is open (notebook, poster, collection box, etc.), given a maximum size of 2'x3'. Care should be taken to use durable materials. This is a good class to exhibit an unusual collection.

- 4118 Confectionery Seeds in jar – 1 gallon jar must be submitted.
- 4119 Oil Seed heads – 3 heads must be submitted.
- 4120 Oil seeds in jar – 1 gallon jar must be submitted.

Garden

- 4121 Garden Display- each exhibitor in this class will be limited to four square feet of space. The garden display should be exhibited in a tray, basket or container that can be easily moved by the fair staff. Exhibit consists of five different types of fresh vegetables or fruits. Canned products and shelled vegetables are not acceptable. Only one variety of each type of vegetable or fruit may be exhibited. The numbers of the five types of vegetables or fruits to be exhibited are as follows:
- 4122 LARGE VEGETABLES (ONE EACH): Cabbage, Eggplant, Large Pumpkin, Summer/Winter Squash, Watermelon, Cantaloupe, other large vegetable
- 4123 MEDIUM VEGETABLES (FIVE EACH): Beets, Carrots, Cucumbers, Decorative Gourds, Sweet Corn, Miniature Pumpkins, Okra, Red or White Onions, Bell or other type of pepper, Sweet, Red, White, or Russet Potatoes, Tomatoes, also Cherry Tomatoes, parsnips, Turnips, or other similar sized vegetables.
- 4124 SMALL VEGETABLES (TWELVE EACH): Green Snap Beans, Wax Beans, English Peas, Radishes, or similar sized vegetable
- 4125 SMALL FRUITS (ONE HALF PINT BOX): Strawberries, Blackberries, Raspberries, or other similar sized fruits
- 4126 TREE FRUITS (FIVE EACH): Apples, Pears, Peaches, or similar sized fruits.
- 4127 GRAPES (2 BUNCHES)
- 4128 Fresh Culinary Herbs, six stems (example – parsley, basil, dill, etc.) Exhibits in a disposable container of water. Dried herbs are not accepted.
- 4131 Horticulture Notebook entry shall consist of a notebook or three ring binder of written narrative describing a horticulture project, such as a landscape design, landscape installation, lawn renovation, water garden, flower garden, vegetable garden, lawn mowing service, landscape maintenance business, farmer's market business, or other horticulture project. 4-H'ers are encouraged to include photographs, illustrations and/or landscape drawings that help explain work done by the member. Photos taken from the same location before, during and after the completion of the project are particularly helpful.

Through Small Engines, you will have the opportunity to educate others about what youth have learned through the project or to promote the benefits of participation in those project areas. All exhibits should involve engines smaller than 20 horsepower. Engine should contain no fuel in tank or carburetor.

1. Each small engines exhibit must include a 4-H Small Engines Information Form.
2. Items that have been in use should be cleaned for exhibit.
3. A sheet of operating instructions must be include for any exhibit that is not self-explanatory.
4. All exhibits in this division are limited in size to standard, tri-fold, display boards (36" X 48") and items may not extend beyond 12"24" from the back board. All displays must be self-standing.

CLASS DESCRIPTION OF CLASS

4610	Display: Exhibit a display, selecting one of the following options: 1) a display identifying different engine or lawn and garden equipment parts or a display showing the function of the various engine or lawn and garden equipment parts; OR 2) a display identifying and explaining the function(s) of different special tools
------	--

needed for small engine work; OR 3) a display illustrating and providing the results of any one of experiments that are included in the project books. No complete engines, lawn tractors, tillers, chainsaws are permitted for display. Maximum tri-fold size is 3' x 4'.

- 4611 Maintenance: Exhibit a display that illustrates either: 1) Routine maintenance procedures OR 2) Diagnosing and troubleshooting specific problems in an engine. No complete engines, lawn tractors, tillers, chainsaws, etc. are permitted for display, using a maximum tri-fold size of 3' x 4'.
- 4612 Operation: Exhibit an operable small engine (no more than 20 HP) overhauled or rebuilt by the member. Include maintenance schedule for the engine and a brief description of steps taken by the member overhauling or rebuilding the engine. Maximum tri-fold size is 3' x 4'. Engine should contain no fuel in tank or carburetor. Alternative ENERGY (A form of energy derived from a natural source, such as the sun, geothermal, wind, tides or waves).

Superintendent: Bobbi Ann Shanks

Committee:

**PREMIUMS For all classes unless stated otherwise
PURPLE - \$1.75 BLUE - \$1.25 RED - \$1.00 WHITE - \$0.75**

The purpose of the 4-H Veterinary Science project is to provide a way for young people who care for animals and may want to follow a career in veterinary medicine to explore the topic. In this project, members will learn about animal health, behavior, and visit with veterinarians. 4-H member in the Veterinary Science project may develop an exhibit to demonstrate the knowledge and skills learned about a common health problem in animals, a veterinary science principle or public health/zoonotic diseases.

Rules

1. A Veterinary Science exhibit may consist of a poster, notebook or project display. The exhibit may represent material from any of the Veterinary Science projects including entry level exhibits from Unit I.
2. If photographs are to be part of the exhibit, remember that they will be viewed by the public. Make sure that the photographs are in good taste and will not be offensive to anyone. Graphic photographs of excessive bleeding, trauma or painful procedures are not appropriate. For exhibits related to veterinary surgical procedures, aseptic techniques need to be shown, for example, use of drapes, use of sterile procedures, wearing of gloves and other appropriate veterinary medical practices.
3. First-Aid Kits: Because of public safety concerns and risk of theft of first-aid kit contents (veterinary drugs/equipment) with perceived potential for drug abuse, animal first aid kits containing any drugs or medications will be immediately disqualified and not displayed. First Aid kits wishing to include medication information should instead utilize written descriptions, photographs, drawings, computer generated print-outs or empty packaging of pharmaceuticals.
4. Veterinary Science Posters - This exhibit presents the viewer with a design that is simple and direct, unlike a display that usually presents more information. A poster should not exceed 22" x 30" and may be either vertical or horizontal.
5. Veterinary Science Displays - A display may include but is not limited to: a 3-dimensional exhibit, a scale model, the actual product (for example: skeleton; teeth; samples of leather, fur, or dried skin damaged by disease or parasites) or a notebook. A display is not a poster. A display may be mounted on poster board not to exceed 22" x 28" or on 1/4" plywood or

equivalent that does not exceed 24" high or 32" wide or in a three-ring binder or another bound notebook format.

6. Veterinary Science Notebooks: Individual entries are to be placed for display in a three-ring notebook for competition. Notebooks may not be larger than 8 1/2' x 11".

7. Name, county/district, age and year in project should be on the front of the poster, display or notebook.

8. Appropriate topics include: Maintaining Health Specific disease information Photographic display of normal and abnormal characteristics Animal health or safety Public health or safety Proper animal management to ensure food safety and quality Efficient and safe livestock working facilities A topic of the exhibitor's choosing related to veterinary medicine or veterinary science.

9. Because these are science displays, all references and information must be properly cited. Proper sources include but are not limited to: Professional journals and publications, professional AVMA accredited websites, interviews with veterinarians and excerpts from Veterinary Educational Literature. Plagiarism will result in a disqualification. Please study your topic and present the information to your audience in your own words.
